LAURA VANDERVOORT WE KNOW WHAT YOU DID LAST SUMMER

WHAT'S SOMETHING YOU'RE LOOKING FORWARD TO THIS SUMMER?

BBQs, being outdoors and hiking and going to my cottage; which Canadians can understand. When I say cottage in Los Angeles people are like, "Cottage?"

We have a great dock on the lake and so at night I would lay on my back under the stars and I could always see shooting stars over the

lake and very clear skies and crisp air and you could hear the loons. Just that sort of feeling and vibe.

YOU'RE IN TED. WHAT WAS THAT LIKE?

It was great. I was intimidated; it's Mark Wahlberg, and here I am walking in about to do scenes with him. For a girl from Canada, going to Boston to do this, I wasn't sure I could handle it. It's the mind

of Seth (MacFarlane), so you can only imagine.

YOU USED TO PLAY SUPER-GIRL (ON SMALLVILLE). IF YOU COULD HAVE A SUPER POWER, WHAT WOULD IT BE?

I would like to be able to have the superpower to nap in the afternoon! That would be perfect. I'd love to be able to just conk right out and go to sleep because I never nap!

RACHEL MCADAMS: THE NATION'S GIRLFRIEND

We should be clear about what kind of girlfriend Rachel McAdams is. Clearly, she isn't the kind that we have on the sly, the one we are just spinning our tires with, or the one we're with just for the sex. Yes, Rachel McAdams is beautiful—but it's never been about the sex with her. No, Rachel McAdams is the girlfriend we are excited to bring home to our sisters and mother. She's the girlfriend that we point to at family gatherings as evidence that we turned out okay, right? Because look who we came with.

She's down to earth, which is no small feat for someone so successful and attractive. It's like she not only decided on the path she wanted her career to go, but also on the kind of woman she wanted to become (or remain), and she's stuck to her plan. Her movies may not always be our cup of tea, but we see why she chose them. She's still close to her hometown, and just try to find a photo of her not looking smart, self-assured and sexy. It's not easy.

Plus, we're pretty sure our sisters will like her more than we do. That's fine by us.
